Federal Retiree Program

The Federal Retiree Project is drawing to a close. Refunds sent out directly as a result of the Federal Retiree Program is \$0 for October and \$3,328 for the fiscal year. The total revised estimated cost of the FRP project is \$162.1 million. The estimate for the final credit payout for the remaining credit holders is \$0.151 million.

Federal Employees Retirement Contribution Program

The Federal Employees Retirement Contribution Project is also nearing completion. The law firm of Bonn, Lusher, Padden & Wilkins had obtained a temporary restraining order requiring the department to withhold 20% of each claimants refund based on the law firm's claim that they should be entitled to fees from each claimant that benefited from their work. This hold-back order only applies to years beginning with 1985. During the month of October no refunds were issued as a result of the FERC project, therefore, the amount of refunds for the fiscal year remains at \$16,225. Likewise, the amount withheld per the restraining order described above also remains at \$723 for the fiscal year.

Individual Income Tax Document Count

In calendar year 1999, the following individual income tax returns were filed:

	140X	140	140NR	140PY	140NP R	141	140A	140PT C	140EZ	TOTAL
#	39,865	1,323,254	69,417	104,001	92	39,500	336,335	17,266	162,772	2,092,502
%	1.9	63.3	3.3	5.0	0.0	1.9	16.1	8.9	7.8	

In calendar year 2000 the number of returns filed, and processed, are as follows:

	140X	140	140NR	140PY	140NP R	141	140A	140PT C	140EZ	OTHER	TOTAL

%	1.7	62.8	3.3	5.0	0.0	1.9	15.8	0.8	8.8	0.0	

The 2,098,028 returns filed through October compares to 2,033,169 returns filed during the same period of time in 1999 for an annual increase of 3.2%. This count represents multiple tax years. For tax year 1999 filed in 2000, 2,015,707 returns have been filed, this represents a 3.4% increase from 1998 returns filed in 1999 during the same period of time.

Year-Over-Year Comparison of Resident Taxpayers

Comparisons of Federal Adjusted Gross Income (FAGI) and tax liability growth between two tax years can be made from taxpayers who have filed for both calendar years to be compared and who have indicated the same marital status on the tax returns for both years. The Department of Revenue has received 1,399,641 returns in calendar year 2000 for tax year 1999 from filers who also have returns on record from calendar year 1998 with the same marital status. On average, these filers experienced a 5.8% growth in FAGI and a 6.7% increase in tax liability. More specifically, 34.6% of these filers experienced a decrease in tax liability; on average a decrease of 41.1% with a corresponding average decrease in FAGI of 23.4%. Filers showing an increase in tax liability totaled 764,175, or 54.6%, with an average FAGI increase of 31.3% and an average tax liability increase of 58.6%.

"New" Filers in Calendar Year 1999

Table 1 attached to this report, presents the number of "new" returns filed in calendar year 2000. "New" returns are for those filers who did not file in the previous calendar year. Therefore, these filers could be new full-year residents of Arizona, or they may be newly required to file an individual income tax return. (The filer may not have earned enough income in the previous year to file, such as a recent graduate just entering the work force.) The table indicates that 220,323 "new" returns have been filed thus far in 2000, representing approximately 263,980 persons, not including dependents. The average Federal Adjusted Gross Income for these 220,323 returns is \$18,535, with an average tax liability of \$316. The right half of this table presents characteristics of the filers represented on the returns. Of all "new" returns, 18.8% had a married filing joint filing status, 7.5% claimed a 65 And Over Exemption and 30.3% claimed dependents.

Individual Income Tax Estimated Payments

Beginning in 1990, individuals are required to make estimated payments to Arizona if their Arizona gross income will exceed \$75,000, in an amount which will represent unpaid tax liability at the end of the taxpayer's tax year. The total estimated payments on the 140ES for tax year 1999 was \$343.8 million, for an average of \$1,680. A total additional \$57.1 million in estimated payments was received as refunds on the 1998 tax returns applied to 1999 estimates, for an average of \$1,716. Estimated payments received during October for tax year 2000, are as follows;

10/00	140ES payment	\$58,280,727	Cumulative	\$205,082,272
10/99	140ES payment	\$71,309,189	Cumulative	\$182,105,524

Withholding

Withholding payments are received from employers and applied towards a specific quarter for the designated year. Information is gathered for 15 months for any given quarter. For example, from September 1998 through December 1999, \$534,654,558 was received for the fourth quarter of 1998. The latest complete quarter (15 months of information has been compiled) is the third quarter of 1999, which shows a growth rate of 9.0% in withholding payments over the third quarter of 1998. Growth in quarters for which information is still being gathered is as follows:

4 th Quarter 1999	10.1%	3 rd Quarter 2000	6.7%
1 st Quarter 2000	14.1%	4 th Quarter 2000	8.5%
2 nd Quarter 2000	10.5%		

The comparisons made above were against the same number of months of collections in the previous year. In other words, the fourth month of information available for the third quarter of 2000 was compared against the fourth month of collections for the third quarter of 1999. Current choices for withholding are 0%, 10%, 17%, 20%, 22%, 28% or 32% as the percent of federal taxes to be withheld for state taxes. The 0% option is only available to those individuals who had no liability in the prior tax year and expect no tax liability for the current year.

Property Tax Credits

Arizona allows a refundable property tax credit if you are age 65 or older or if you received Title 16, SSI payments. Additionally, your household income must be below \$3,751 if you live alone, or \$5,501 if you live with another person, to qualify for this credit. The maximum credit is \$502.

	Number	Amount	Average
Calendar Year 2000	15,788	\$4,959,818	\$314.15
Calendar Year 1999	17,180	\$5,277,065	\$307.16
% Change	(8.1%)	(6.0%)	2.3%

Clean Elections

As a result of the November 1998 voter approval of the Citizens Clean Elections, Arizona's income taxpayers can make a donation to the Citizens Clean Elections Commission through an income tax check-off or through a voluntary donation. Since the voter approval was not validated by the Federal Elections Commission until mid 1999, the 1998 tax forms did not carry these options. For tax year 1998, filed in 1999, these options are available.

Corporate refunds paid in any state fiscal year are for a mixture of corporate fiscal years. The table below presents the percent of refunds paid in FY 98/99 by corporate fiscal year. For example, in FY 98/99, 3.8% of the refund dollars paid were for corporate fiscal years ending in 1994 or before. The percentages are for refunds paid through the fiscal year.

The corporate refunds shown above are those refunds for which a check is mailed to the corporation. Sometimes corporations choose to apply their refund as an estimated payment. The following table present information on refunds applied as estimated payments in the most recent month and for the calendar year.

Corporate Income Tax Document Count

The Arizona Department of Revenue received 95,415 corporate returns showing a fiscal year-end of 1998. The type of return received is indicated below:

120X (amended) 120 (regular) 120S (S corp) 99T (exempt org.)

#	384	52,087	42,587	357

Through October 2000, 95,078 documents have been received for a fiscal year-end of 1999, distributed as follows:

	120 X (amended)	120 (regular)	120S (S corp)	99T (exempt org.)	120 A (short form)
#	274	43,465	44,621	292	6,426
%	0.3	45.7	46.9	0.3	6.8

The figures shown above for the 1999 returns are most meaningful when compared to 1998 returns received during the same period of time in the previous year. Through October 1999, the Arizona Department of Revenue received 90,376 documents with a fiscal year-end of 1998. This represents a 5.2% increase in corporate returns received at this point of time in the calendar year.

Urban Revenue Sharing Returned to Cities/Towns

Incorporated cities and towns receive a share of net individual and corporate income tax collections, called Urban Revenue Sharing. The amount of money to be distributed is 15.0% of net income tax collections two years earlier. For example, the money being distributed in Fiscal Year 2000/01 is based on net income tax collections in Fiscal Year 1998/1999. Amounts returned for October 2000 are shown on Table 2, at the end of this report.

TRANSACTION PRIVILEGE, SEVERANCE AND USE TAXES

Transaction Privilege, Severance and Use Tax Receipts

The Arizona transaction privilege and severance tax consists of many categories of tax. These categories include retail, contracting, amusements, restaurants and bars, hotel/motel and mining severance tax. The collections for all such categories are divided, per statute, into two parts. One part is called distribution base; the other part is known as non shared. The division of collections into these two parts varies from category to category. For example, retail sales tax is 40% distribution base and 60% non shared. In contrast, contracting is 20% distribution base and 80% non shared. Due to new legislation, mining severance is now 100% distribution base. Use tax is 100% non shared.

At the close of each month, the computer aggregates transaction privilege and severance tax collections by category and calculates total distribution base and non shared portions. The amount shown as "Use Tax" in the table below includes use tax, use inventory tax and jet fuel use tax. The "Other Revenue" category includes county excise, road, jail and hospital taxes and various other excise taxes, such as the 911 excise tax.

	October 2000	October 1999	% change

Distribution of Transaction Privilege, Severance and Use Tax Receipts

Of the distribution base portion of transaction privilege and severance taxes, described above, 25% is returned to incorporated cities/towns, 40.51% is returned to counties and 34.49% goes to the state general fund with the exception of mining severance tax. All of the non shared revenue and use tax is deposited into the general fund. Therefore, the "Retained By State" figure presented below includes all non shared portion of transaction privilege tax, use tax and 34.49% of the distribution base collections. "Other" revenues are returned to the administering authority.

Telecommunications Devices, 911 Excise and 911 Wireless Service classifications previously listed in the collections table, are not elements of calculated taxable income and therefore, are not included in the above table. The Use/Use Inventory category shown above does not include jet fuel use tax. Since the jet fuel use tax is a gallonage tax, this too can not be computed as taxable income. A comparison can be made of gallons of jet fuel on which Arizona jet fuel tax or jet fuel use tax was paid. In October 2000, 13,109,790 gallons of jet fuel were taxed, a 33.5% increase from the 9,820,414 reported for October 1999. Timber Severance includes only sales subject to a repealed rate. The current tax is per board feet upon which taxable income cannot be computed.

Accounting Credit

Effective to taxable periods beginning from and after July 1, 1995, a credit equal to one percent of the amount of tax due, up to \$10,000 per calendar year, is allowed to businesses for expenses incurred during the accounting and reporting of Transaction Privilege Tax. The amount of accounting credits claimed in October 2000 was \$1,174,395 a 4.4% increase from the \$1,125,066, claimed in October 1999. Accounting credits claimed-to-date in FY 00/01 equals \$5,052,339 a 5.7% increase from the \$4,780,869 a claimed during the same period in FY 99/00.

²These Taxable Sales figures are calculated on a per return basis, by taking collections and dividing them by the appropriate tax rate. These figures may not match other Taxable Sales figures calculated on the aggregate.

*Beginning with December 1999, the mining severance tax base has changed.

Taxable Sales by SIC Code Range

The taxable sales by SIC (Standard Industrial Classification) Code ranges are an indicator of business occurring for that type of retail sale. Certain limitations must be understood when using this information.

The Department of Revenue assigns a SIC code to a business based on its primary type of business activity. A grocery store would be assigned a SIC code of 5411. A business that deals primarily with dairy products would have a SIC code of 5451. A problem arises with businesses which derive revenue from multiple business activities. For example, a store like Cosco might be considered both a grocery store and a department store; however, all revenue would be reported under only one of the two possible codes. In summary, an accurate description of what this information represents would be: "These figures represent taxable retail sales for those businesses which have a primary SIC code falling within one designated range."

If the taxable sales for these ranges were added together, the total would not equal retail taxable sales. This is again due to the primary SIC code assignment. There are businesses making retail sales which do not have a primary retail SIC code.

Transaction Privilege and Severance Tax Returned to Cities/Towns

The portion of transaction privilege and severance tax returned to each incorporated city or town for October 2000 is shown on Table 3, attached to this report.

County Tax Collections

The following county-imposed tax collections were received by the Department of Revenue during October 2000 and returned to the counties. County taxes in all but Coconino County are imposed at 10% of the state transaction privilege tax rate. Coconino's Excise Tax is 10% of the state rate, and its Jail Tax is 6% of the state rate. The stadium tax was imposed at 5% of the state rate. This rate completed its run in December 1997. Collections received now should be for prior periods. The rental car surcharge in Maricopa County is \$2.50 per car and in Pima County is \$3.50 per car. The RV Surcharge is \$0.50/day on each lease or rental of a parking space for recreational vehicles.
